

Party Module – Business Rules - Simplified

The following is a summary of the business rules for the party module. To read the extended version, including definitions, examples, and explanations, see the “Party Module – Business Rules – Detailed” (available at <http://waternet/oit/ciwqs/html/qualityassurance.html>).

For additional information on data entry including business processes and more business rules, visit the CIWQS intranet page at <http://waternet.waterboards.ca.gov/oima/ciwqs/index.shtml>.

Do not create duplicate parties.

Organization Classification[#] – This field describes the type of organization and is required for organization parties.

Address – The mailing address is the primary address type. There cannot be more than one of any address type.

Related Parties[#] - All Organizations that are regulated must have a linked person with the relationship of LRO.

Related Places[#] - Regulated organizations must be linked to a place (with place type of “facility” or child of facility) with the relationship of “owner” and “operator.”
